JOB DESCRIPTION

At Fresenius Medical Care, we are the global leader in kidney care, committed to improving the lives of patients with chronic kidney disease. Our mission is to deliver high-quality, innovative products, services, and care across the entire healthcare journey. Guided by our vision - "Creating a future worth living. For patients. Worldwide. Every day." - we work with purpose and compassion, supported by a global team of over 125,000 employees.

Our values guide how we work:

- We Care for our patients, each other, and our communities
- We Connect across teams and borders to deliver excellence together
- We Commit to doing things the right way— growing with purpose and leading kidney care with integrity and innovation

YOUR ASSIGNMENT:

- Supports the Senior Director Liability Insurance Lines in the day-to-day handling of the global Liability, Financial Lines and Cyber Insurance program and claims management
- Accountable for dedicated Insurance lines, e.g. clinical trials
- Responsible for the collection of risk information for the respective insurance lines and claims
- Administration of global Insurance programs, including policy issuance tracking and delivery, territorial analysis / premium allocations & remittances / query resolution
- Provide global subject matter expertise to internal and external stakeholders
- Promote and drive compliance with the global end-to-end process with internal and external stakeholders
- Data input and coordination of global knowledge, workflow, network communication & program administration tools
- First contact for insurance related matters for the colleagues in foreign countries
- Preparation of reports, global policy summaries and overviews, presentations

YOUR PROFILE:

- Bachelor's degree with a focus on Insurance Management, or completed insurance related training as an Insurance Specialist
- 3+ years of experience within Liability and/or Financial Lines Insurance would be an advantage
- Experience in handling global insurance programs for large corporates
- Strong communications and interpersonal skills
- Ability to work effectively under tight deadlines and to handle multiple priorities
- Great teammate in the framework of a small team as well as in an international, multi-cultural and cross-functional context
- Good Skills in Excel, Word and Power Point, Origami is a plus
- Fluent in English (written and spoken)
- German is required

OUR OFFER FOR YOU:

There is a lot you can discover at Fresenius Medical Care, regardless in which field you are an expert and how much experience you have – all dedicated to your professional journey.

- Whether in front of or behind the scenes - you are helping to make ever better medicine available to more and more people around the world
- Individual opportunities for self-determined career planning and professional development
- A corporate culture in which there is enough room for innovative thinking - to find the best solution together, not the quickest one
- A large number of committed people with a wide range of skills, talents and experience
- The benefits of a successful global corporation with the collegial culture of a medium-sized company
